WELCOME

Peckham Festival returns this year to celebrate the diverse community and creativity that makes SE15 unique. Throughout the **FREE** four day event, expect art; live music; performances; workshops and family fun spread across Copeland Park, the Bussey Building and other Festival hubs around Peckham. Artists and creatives will be opening up their studios and homes as part of **Made in Peckham**.

You can take a tour of the warehouses, railway arches and residences of the local artists, and experience an intimate view of their artistic processes.

The Community Hub is back at Peckham Levels, with free participatory **Talks and Workshops** for all the family; including a series on health and wellbeing.

We are proud to be able to leave a festival legacy this year in the form of a Community Garden named Holdrons Green, in the heart of Copeland Park. The garden has been specifically created for the festival and will be a quiet, reflective space, just a stone's throw away from the bustle of Rye Lane.

In keeping with our greener outlook, check out the **Sustainability Programme** which includes an immersive fashion event; bicycle powered film screening; sustainable art exhibition; performances and eco pop up market; all featuring local creatives and businesses.

The best of Peckham and SE London's musical talent will be performing on the **Main Stage**, along with local community groups. Grab some food and refreshments from the bars and street market, pull up a deckchair and enjoy!

Jules
Festival Director

THE FESTIVAL.**
